## SKILLS

### LANGUAGES

- HTML
- CSS
- JavaScript

### FRAMEWORK & LIBRARY:

- React
- Bootstrap
- Tailwind CSS
- SASS

### TOOLS

- Git, GitHub

## EDUCATION

### GUJARAT TECHNOLOGICAL UNIVERSITY

DIPLOMA IN COMPUTER ENGINEERING

APR 2023 | CGPA: 6.76

### BRILLIANT SCHOOL, GSEB

10TH STANDARD

May 2017 | 89.93 PR

## CERTIFICATIONS

- React JS for beginners by Simplilearn
- Introduction to front-end development by Simplilearn
- JavaScript for beginners by Simplilearn
- Git training by Simplilearn

## SUMMARY

- Creative and detail-oriented front-end developer with passion for building visually appealing and user-friendly web interfaces. Recently completed Internship in front-end development.
- I am skilled in translating complex design into responsive, interactive and efficient web Application.
- Proficient in HTML, CSS, JavaScript and Frameworks & Libraries such as React Js, Tailwind CSS, SASS and good command on tools like Git and GitHub.

## INTERNSHIP | 9 Months

### ALPHABIT INFOWAY | Oct 2023 – July 2024 | INDIA

Front-end developer

- Created and maintained intuitive and user-friendly web interfaces using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and performance optimization.
- Leveraged React JS to develop dynamic and interactive web applications, enhancing user engagement and functionality through state management and component-based architecture.
- Applied Tailwind CSS and Bootstrap to design responsive and visually appealing layouts, ensuring seamless user experiences across various devices and screen sizes.
- Utilized Git and GitHub for version control, efficiently managing code repositories, tracking changes, and collaborating with team members on various projects.
- Acquired a solid understanding of the fundamental principles of web development, including the importance of clean code, accessibility standards, and performance optimization.

## PROJECTS

### YouTube Clone | React Js | RESTful API

- Gained hands-on experience integrating with the YouTube Data API v3 to fetch and display video data. Improved skills in React JS, including component-based architecture, state management, and hooks. Learned to create responsive and user-friendly web interfaces using modern CSS frameworks.

### E-Commerce Site | React Js | Firebase

- Developed a fully functional e-commerce site to provide users with the ability to browse products, add items to the cart, and manage user authentication. Enhanced proficiency in React JS, implementing features such as add to cart, product listings, and user login. Gained experience using Firebase for user authentication and real-time database management. Learned to manage complex application states using React hooks and context. Implemented secure user login and registration functionality using Firebase Authentication.
